

SHREDFEST 4

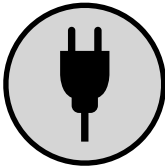

SLEEP N SHRED

Sleep n Shred Teepees will be located in a new location this year. We'll direct you to your new digs upon arrival.

Teepees are spacious, 18' diameter, and include a Queen size raised air mattress, pillows and bedding, a chair, side table, and lantern. Everything will be set up and ready for you to arrive.

No onsite power is available at Blue Mountain but we will have a charging area located near the vendors and some limited power near the Teepees. Feel free to bring your own power source.

There is potable water located towards the rear left corner of the meadow. Look for the red hand pump on the left beyond the vendors.
